Bug Tracking & Issue Resolution

# Bishwash Acharya

Designer/Developer | Content Creator | Aspiring Data Analyst  
Wembley, England, United Kingdom

## Summary

I'm a multi-skilled digital professional with experience in design, development, content creation, and data. I enjoy building functional digital experiences and solving problems with a mix of creativity and analytical thinking. My career so far has given me a broad foundation, from creating visuals and writing content, to improving workflows and learning data tools like Excel, Python, and Power BI. This makes me adaptable, resourceful, and ready to contribute wherever needed. I'm focusing on a long-term path in data and analytics, while still leveraging my strengths in design, UI/UX, and content strategy. I approach projects logically, communicate clearly, and deliver solutions that are clean, clear, and genuinely useful. Colleagues describe me as calm, reliable, and easy to collaborate with. I'm open to opportunities where I can grow, contribute value, and be part of meaningful digital or data-driven work.

## Experience

### Sodexo

Catering Assistant — Sodexo, Priory Hospital Enfield

February 2024 - Present (2 years 1 month)

Greater London

Provide high-quality catering and customer service in a fast-paced healthcare environment while maintaining strict hygiene and safety standards.

Collaborate with manager, chefs, and support teams, strengthening communication, teamwork, and problem-solving skills.

Support daily service workflows, stock control, and smooth operations, building strong organizational and time-management abilities.

Gained exposure to how data, reporting, and operational metrics improve hospital efficiency, inspiring my interest in data and process optimization.

Known for being reliable, calm under pressure, and consistently delivering a positive, customer-focused experience.

### Innovate Tech

**Web Injection and QA Officer**  
August 2021 - July 2023 (2 years)  
Kathmandu, Bāgmatī, Nepal

Applied expertise in HTML, CSS, JavaScript, and C# to enhance web applications' performance and functionality.

Conducted QA testing to identify and fix issues, improving reliability and efficiency.

Collaborated with cross-functional teams, developing strong communication and teamwork skills.

Mentored junior team members and coordinated tasks, gaining leadership experience.

Ensured high-quality project delivery, contributing to successful deployment of multiple web solutions.
